Subject; Reference for Export Access

Dear Madam / Sir,

Export Access has been the facilitator in the recent development of a Manufacturing license agreement between C H Hanson and an Australian inventor of a unique product.

Having initially introduced this patented technology to our company, Jim Raz has been responsible for a positive outcome having guided the process throughout. Jim has displayed a strong empathy for the needs of both parties in the negotiations and has a good understanding of the business cultures and processes on both sides of the Pacific.

I would not hesitate to recommend Jim and his company to any organization wishing to promote and develop International business relationships.

Yours Sincerely,

Robert Hudson
Chief Operating Officer
